Description of Request

QUESTION:
Dark Room 021 is shown on drawing QL1.0 to have a type F1 sink fixture. A type F1 fixture has a pure water fixture per QL0.2 and 15/QL4.1. Mechanical sheet M2.0.2 does not show RO water going to dark room 021. Is RO water needed to this pure water fixture. Please note that this is a very congested area for mechanical items so any items that are not required we would prefer not having in this area.

Respond By: 03/26/12 By: TIM THOLT

Response

RO water is required to this Fixture.
