Hi Cecilia,

I have included an assembly link to let you see the overall length. Let me know if we have to adjust the size. I am quoting 3 - 6' wide units side by side to get the 18'. There are 4 levels and it will look similar to the pic below but the sizes we discussed. Freight is already included in your price. Recommended weight on each level is 70# if attached to drywall.

Thanks.

Sincerely,

Tim Campbell

Tim:

I do have a couple of questions.

Are the shelves 6 foot wide or does that include the bracket? I have 18'-3" clear.

You noted 4 wire shelves. Please send information on those and a picture.

What will they carry for weight?

What do you estimate for UPS or other means?

Thank you for your response.

Hi Cecilia,

Thanks for your call. Your price for a post wall system measuring 18" deep x 18' long x 68" high with 4 wire chrome shelf levels is \$2433.50 delivered.

Let me know if there are any questions. I have attached a link to the spec sheet. Thanks.
